

EU-OSHA Information Classification (IC)

EU-OSHA recognises the importance of the information that it handles, including information that it receives from and sends to stakeholders.

It also recognises the need to prevent the unauthorised disclosure of sensitive information both inside and outside the EU-OSHA.

You may receive a document or email from EU-OSHA with one of the classifications below on it:

OFFICIAL	<p>Information which is used for general business operations of EU-OSHA.</p> <p>It is solely intended for the use of the individuals or entities who need to access the information.</p> <p>If you receive this information in error, please notify the sender immediately.</p>
SENSITIVE	<p>Information which is used for general business operations of EU-OSHA containing sensitive or privileged data.</p> <p>The information is provided on a “need-to-know” basis. It is solely intended for the use of the individuals or entities to whom it is addressed. Any disclosure or other use of this information by persons or entities other than the intended recipients is prohibited.</p> <p>In case you receive this information in error, please delete it and notify the sender immediately.</p>

We would encourage you to protect the information you receive from EU-OSHA according to the criteria above.
